OK. I have added Cung Le, Robbie Lawler and Nick Diaz. Definitely have termination letter from Coker to Overeem and then our contract was negotiated with Golden Glory.

No idea.

Not 100% sure why Lorenzo wants this list but my guess is he wants to make sure that fighters with past Strikeforce ties are locked up incase Coker tries to recruit them now that he is at Bellator.

Added Lawler and Cung Le. I show us signing Nick and Overeem independently of their SF contracts. Is that incorrect?

Lorenzo has asked me to prepare a list of all Strikeforce fighters with comp and fights left. I am not sure if he means anyone still on a

Forza contract, or just all SF fighters still on UFC roster. This is the list I came up with. Can you look at and tell me if I am missing anyone, or if I need to remove anyone, before I start pulling what their comp is and how many fights left?
